

5 COMMON MISTAKES THAT DAMAGE PAINT

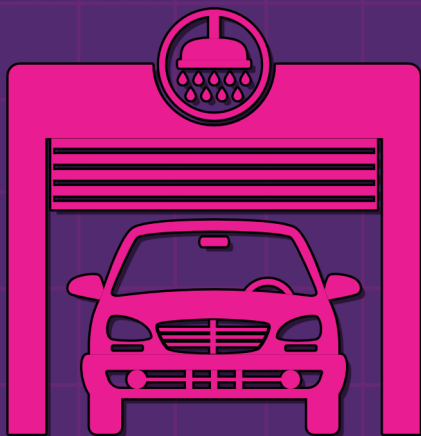

www.vitalautospa.com

MISTAKE #1

AUTO CAR WASHES

DRIVE THROUGH CAR WASHES WHILE CONVENIENT, CAN CAUSE SERIOUS MICRO MARRING IN YOUR VEHICLES PAINT SYSTEM! DUE TO THE HIGH SPEED NATURE OF THE BRUSHES USED TO CLEAN THE VEHICLES, AND THE BRUSHES NOT BEING CLEANED IN BETWEEN CARS THE DEBRIS IN THEM CAUSES FAR MORE DAMAGE THAN THE LOW PRICE POINT IS WORTH!

WHEN POSSIBLE ALWAYS CHOOSE A TOUCHLESS OPTION TO PREVENT MARRING IN YOUR VEHICLES PAINT SYSTEM!

MISTAKE #2 BRUSHES

Want a showroom Finish?

THROW THESE OUT! CLEAR COAT
AND BLACK PLASTICS WILL MAR
OVERTIME AND BRUSHES
WILL ACCELERATE THIS
EXPONENTIALLY.

THEY GET DIRTY EASILY,
ARE OFTEN USED INCORRECTLY,
AND OFTEN GET USED TOO
AGGRESSIVELY.

MISTAKE #3

USING ONE BUCKET

USE MULTIPLE BUCKETS!

THIS IS ONE OF THE
EASIEST FIXES TO
PRESERVING YOUR PAINT
SYSTEM APPEARANCE

1 BUCKET FOR WASH WATER
TO WASH THE VEHICLE WITH

1 BUCKET FOR RINSING THE DIRT OFF
YOUR WASH MITT

1 BUCKET FOR YOUR WHEELS

MISTAKE #4

TOUCHING YOUR PAINT

!!WET PAINT!!

WE KNOW HOW IRRESISTIBLE THE FEEL CAN BE, BUT UNLESS YOU PLAN TO PUT ON WHITE GLOVES. DONT!

SCRATCHES ONLY COME FROM ONE THING..... TOUCHING
TREAT YOUR PAINT AS IF IT IS WET

MISTAKE #5 DRYING

YOU'RE NOT DONE AFTER THE WASH

DRYING YOUR VEHICLE IN OUR AREA IS ESSENTIAL TO KEEP WATERSPOTS FROM FORMING.

IF VEHICLE IS PROPERLY MAINTAINED AND PROTECTANT IS ACTIVE THEN DRYING SHOULD TAKE NO TIME. A DEDICATED ELECTRIC BLOWER PAIRED WITH A DREADNAUGHT DRYING TOWEL MAKES SHORT WORK OF ONE OF THE MOST CRUCIAL STEPS
